

CTeL Digital Health, Tech & AI Showcase Brings Cutting-Edge Innovation to Capitol Hill

WASHINGTON - March 11, 2025 - [PRLog](#) -- As the continuing resolution deadline looms, policymakers, healthcare leaders, and technology innovators will converge on Capitol Hill for the **2025 Digital Health, Tech & AI Showcase**, hosted by the Center for Telehealth & e-Health Law (CTeL). The event will take place **March 12, 2025, from 12:00 to 3:00 PM at the Rayburn Foyer**, providing a critical platform for demonstrating how artificial intelligence and telehealth are transforming patient care.

Showcasing Innovation, Shaping Policy

This year's Showcase will feature a diverse range of exhibitors at the forefront of AI-driven healthcare solutions, digital health advancements, and telemedicine technologies. With an upcoming vote on telehealth expansion, this event offers lawmakers a hands-on opportunity to experience the latest innovations that are reshaping access to care, improving patient outcomes, and driving healthcare efficiency.

Attendees will have the opportunity to engage with leading organizations, including **UCSF Medical Center, Ballad Health, Caregility, Secure Telehealth, UVA Health, and many others**, all pioneering advancements in digital health. From AI-assisted diagnostics to virtual emergency care, exhibitors will present groundbreaking solutions that address some of the most pressing challenges in healthcare today.

Honoring Leaders in AI and Digital Health

CTeL will also present two prestigious awards recognizing outstanding contributions to AI in healthcare:

- **The 2025 CTeL Tr-AI-blazer Award** will be awarded to **Dr. Andrew Taylor** of the **Yale School of Medicine**, for his groundbreaking work in AI-driven clinical decision support, sepsis detection, and ethical AI governance. Dr. Taylor's contributions have significantly advanced the responsible integration of AI in medicine, improving patient safety and diagnostic accuracy.
- **The 2025 Congressional AI Trailblazer Award** will honor **Congresswoman Doris Matsui (CA-7)** for her leadership in advancing responsible AI policy in healthcare. A long-time champion of digital health and telehealth expansion, Rep. Matsui has played a pivotal role in shaping policies that ensure equitable access to AI-driven solutions while prioritizing patient privacy and security.

A Must-Cover Event as Legislative Deadlines Approach

With the continuing resolution deadline fast approaching and critical discussions on telehealth and AI regulation unfolding, the Showcase serves as a timely and essential event for media coverage. As lawmakers weigh decisions that will impact the future of digital health, this event offers a firsthand look at the technologies poised to revolutionize healthcare delivery.

Media RSVP and Additional Information

Members of the press are encouraged to attend and engage with exhibitors, award recipients, and policymakers shaping the future of digital health. To RSVP or for press inquiries, please contact **Lindsey Goggin** at lindsey@ctel.org
